

Pablo Muñoz Alcaide

Date of birth: 20/03/2000 | **Nationality:** Spanish | **Phone:** (+34) 619622767 (Mobile) | **Email:** pablochulilla15@gmail.com | **Address:** Valencia, Spain (Home)

ABOUT MYSELF

Mathematician and Artificial Intelligence Engineer with a Master in Intelligent Systems and experience in research projects on emotion recognition using Machine Learning and Python. I consider myself a versatile person, who likes to be in constant development and learning, as well as enjoying overcoming complex challenges. Therefore, I am looking for a position where I can apply my technical and analytical skills in Artificial Intelligence and Data Science projects, adding value to the team and, in turn, learn and evolve in a collaborative and cutting-edge technological environment.

WORK EXPERIENCE

10/2023 – 06/2024
RESEARCHER (COLLABORATION GRANT) UNIVERSITAT JAUME I

- Research on the temporal consistency of emotional responses from EEG signals with Machine Learning.
- Development of novel methods to quantify affective consistency.
- Improving emotional recognition models using weighted consistency approaches for greater generalisability.

10/2022 – 03/2023 Valencia, Spain
DATA SCIENCE INTERNSHIP CAPGEMINI ESPAÑA, S.L.

- Practical experience in Python and SQL for data analysis and business optimisation.
- Assistance in the development of data pipelines to process and analyse large data sets.
- Collaboration with multidisciplinary teams to solve complex data-related problems.

EDUCATION AND TRAINING

07/2023 – 09/2024
MASTER'S DEGREE IN INTELLIGENT SYSTEMS Universitat Jaume I

- Extensive background in Machine Learning, Computer Vision, and Natural Language Processing (NLP).
- Experience in Big Data analysis using Pandas and PySpark.
- Neural parallelisation with mpi4py and Cython. Basic knowledge of C, OpenMP, MPI and CUDA for high performance ML.
- Expertise in cloud computing, IoT, and intelligent control.

2018 – 2023
BACHELOR'S DEGREE IN MATHEMATICS Universitat de València

SKILLS

Languages

- **Spanish:** Native
- **Valencian/Catalan:** C1 (Official EOI Certificate)
- **English:** B2 (Official Certificate CertAcles)

Programming

- **Python:** Pandas, PySpark, PyTorch, Tensorflow, Scikit-learn, Keras, OpenCV.
- **C:** High Performance Machine Learning, using CUDA, OpenMP, MPI.
- **SQL:** Database querying, optimisation, data manipulation.
- **Matlab:** Applied mathematics and numerical analysis.
- **R:** Statistical analysis.

Core Competencies

- Effective collaboration and communication within multidisciplinary teams.
- Passion for continuous learning and innovation.
- Strong analytical and problem-solving skills.
- Advanced logical reasoning and abstract mathematical thinking for data-driven problem-solving.
